Under our Roof

As a parent or caregiver, your involvement in your loved one's continued learning in CLASS programs is valuable and important. Talents like yours could help CLASS and assist individuals in programs as they learn, grow stronger and do more. Have you ever considered volunteering?

Follow the link below to fill out our brief family survey that we created with the help of a student volunteer. Please tell us how you would like to engage with CLASS - for example, by volunteering to support CLASS events, being part of a planning group, or lending your talents to program activities such as newsletter development, photography or computer instruction.

In the Community

For Shawn, it's working

On the employment path at CLASS since 2014, Shawn started volunteering to gain work skills; then shifted to paid, part-time janitorial work at CLASS; then started prepping a local restaurant's dining room as part of a workgroup; to today working independently at a restaurant.

Shawn has thrived in the Community Based Day Services program on the vocational track, working on different skills each month to reach his goal of independence.

Music Therapist Needed

CLASS is looking for a music therapist to inspire creativity and skill building for individuals at our Lawrence (L) and Wilmington (W) locations. Please call John Whittemore (L) at 978-975-8587, ext. 1357, or Kemelin (W) at 978-657-4273, ext. 2221 for more information.

Facilities Updates

Check out the progress of our renovations in our Lawrence mill building reception area: We've added three new video monitors, painted the walls in our logo hues, and installed high-tech and durable carpet squares.
